Malang, East Java, Indonesia

High-achieving Informatics Engineering student at State Polytechnic of Malang with hands-on experience in backend engineering, relational database architecture, and technical leadership. Proven track record in developing enterprise web applications, building scalable web services, and directing large-scale departmental events with up to 130+ attendees. Skilled in mentoring junior developers and translating complex backend and UI/UX concepts into structured learning paths.

EDUCATION

State Polytechnic of Malang — **Malang**
Informatics Engineering — *2024 - Present*
- GPA: 3.94 / 4.00

SMK Negeri 4 Malang — **Malang**
Software Engineering — *2021 - 2024*
- Average grade : 90.48 / 100.00

WORK EXPERIENCE

Unimasoft — **Malang**
Backend Developer — *May 2024 - Jan 2025*
- Engineered robust server-side architectures for two client applications: a jewelry management platform (Sabar Jaya) and a tailor booking application (Sewme) using Laravel and MySQL.
- Built scalable integration endpoints and data management pipelines for an enterprise ERP portal, enabling seamless data flow across core system modules.
- Collaborated with team members using Git for version control, maintaining code quality and structured development workflows.

PT. Mejakita Edunusa Mandiri — **Malang**
Internship - Backend Developer — *Jan 2023 - Dec 2023*
- Delivered 4 backend development projects from concept to deployment, including a personal web application, an internal training solution, and two production client services.
- Architected high-performance server-side services powering a web customer support platform and the "Cari Rumus" mobile app using ASP.NET and SQL Server.
- Developed backend web services for an interactive e-learning web platform utilizing Node.js (Express) and MySQL.
- Streamlined local development workflows and deployment environments by containerizing microservices with Docker.

ORGANIZATION EXPERIENCE

Workshop Riset Informatika — **Malang**
Backend & UI/UX Mentor — *Jan 2025 - present*
- Backend Mentorship: Conduct technical workshops on PHP, MySQL database design, CRUD operations, DDL/DML execution, data constraints, and SQL JOIN queries.
- UI/UX Mentorship: Facilitate interactive modules covering Design Thinking, Laws of UX, UI design principles, and component prototyping using Figma.
- Establish feedback evaluation loops to continuously measure mentee progress and refine instructional materials.

Project Lead – Brainboost 2025 *2025*

- Led and coordinated a cross-functional event committee to execute Brainboost 2025, driving successful engagement for 134 participants.

Vice Head of Backend Division *Jan 2025 - Feb 2026*

- Coordinated with the Division Head to design and align backend learning materials.
- Collaborated with mentors in preparing teaching modules and practice exercises for mentees.
- Conducted regular evaluations based on mentee feedback to improve the learning process.

Information Technology Department English Community **Malang**

Shadows of Department Training and Development *Aug 2025 - May 2026*

- Acted as Secretary in the Institutional Expo, successfully engaging new students and organizing communication groups, which resulted in 110+ new members joining ITDEC.
- Led and managed the PDD team, ensuring timely delivery of designs and media assets, and conducted regular progress sharing in coordination meetings.

Project Lead – Open House 2025 *2025*

- Directed end-to-end planning, logistics, and promotional campaigns for ITDEC Open House 2025, successfully hosting ~50 attendees.

HONORS & AWARDS

- **Copyright Registration – SIMAKOS (Sistem Informasi Manajemen Kos)** **Malang**
  Issued by Directorate General of Intellectual Property (DJKI),
  Ministry of Law and Human Rights RI *Sep 2026*
- **Awarded Outstanding Student of Information Technology Department 2025** **Malang**
  Issued by Himpunan Mahasiswa Teknologi Informasi Politeknik Negeri Malang *Jun 2025*

SKILLS

Soft Skills: Communication, Collaboration, Problem Solving, Critical Thinking, Time Management, Leadership

Languages: Indonesian (Native), Inggris (Pre intermediate)

Tools: VS Code, Git, Postman, Figma, Javascript, Express, ASP.NET, PHP, Laravel, MySQL, SQL Server, PostgreSQL, Python, Flutter
